PRODUCT:

## STRIP-SEAL Heavy Duty

NSC

Natural Stone & Concrete Care

DESCRIPTION:

**STRIP-SEAL Heavy Duty** is a solvent based, water clean-up stripper specifically designed for stripping acrylic sealers on most concrete and masonry surfaces. **STRIP-SEAL Heavy Duty** is also suitable for cleaning up brushes, rollers and airless spray cleaner. **STRIP-SEAL Heavy Duty** is suitable for use on most paint systems, except for 2pack epoxies, and urethanes. **STRIP-SEAL Heavy Duty** contains selected ingredients to emulsify the sealer with water, allowing a water wash off.

DIRECTIONS FOR USE :

Apply onto sealer surface. Work into film and allow it to soften film. When sealer has a gel appearance, scrape or water-blast off. Allow dry. Repeat applications may be necessary for any remaining sealer.

FIRST AID, SAFETY & STORAGE

Refer to Material Safety Data sheet. These are available on request.

PACKS:

4 & 20L

Ref: STRIPSEAL\_HD\_PDS.DOC

Date: 30-May-07
